

Prometheus, the Firebringer

TAGS:

General information	
<i>Title of the work</i>	Prometheus, the Firebringer
<i>Original language</i>	English
<i>Target and Age Group</i>	Unit guide recommends the activity for 7th and 8th graders (12-14 year olds) because of the reading for preparation but the activities themselves can be for 5th-12th graders (10-17 year olds)
<i>Link (to resource)</i>	Prometheus, the Firebringer Accessed on 25 June, 2020

Additional information

Contents & Purpose

The resource is primarily intended for theater classes who are incorporating the myth of Prometheus into the curriculum but can also be used as creative and movement-based activities for students studying the myth of Prometheus in an English or Mythology class. The three lesson plans each create a space where students are interpreting the meaning of the myth and using their bodies to engage with the lesson.
